Nursing Information Sheet for Transfer Students

County College of Morris (CCM) accepts transfer credits for pre-requisite courses from other institutions, toward the Associate in Applied Science, Nursing Degree. Transfer students who have completed all pre-requisites are eligible to apply for the professional (clinical) phase.

Checklist for Transfer Students:

1. Submit your application for admission (online or in person) and specify the nursing major. If you have previously taken classes here as a visiting student, please complete the “Request to Matriculate” form.
2. All previous college transcripts should be sent to Admissions for review of eligible transfer credits. Please note: the Nursing Department does not evaluate transcripts.
3. Please check your student program evaluation on Web Advisor to confirm the granting of transfer credits. For help using Web Advisor, click here.
4. Transfer students must also prove the following competencies:
   a. Math
   b. English
   c. Technology Literacy

Prerequisite Courses Eligible for Transfer

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>English Composition I:</td>

</table>

*These science courses must be less than 7 years old at the time of acceptance into the Professional Phase of the Nursing Program.

Please note that clinical nursing courses from other institutions will not be accepted for transfer.
Admission to the Professional Phase

- Completion of pre-requisites does not guarantee admittance into the professional phase.
- Admission to the professional phase is competitive and based on a ranking system.
- Ranking points are only assigned to grades in English Composition I and II and the four required sciences (Introduction to Chemistry or General Chemistry I; lab not required, Anatomy and Physiology I and II with lab, and Microbiology with lab).
- Students who earn a D or F, or withdrew from the course, prior to receiving the passing grade will receive a deduction in ranking points.
- Students who have failed nursing courses at another institution will receive a deduction in points.
- Transfer credits are assigned the value of a “C” in the points ranking system, although all transcripts are reviewed by the Chairperson.
- Students with a previous college degree (Baccalaureate or higher) are given additional ranking points. Please be sure the transcript on file at CCM shows your conferred degree.
- Students must have an institutional (CCM) GPA of a 2.5 or greater to be considered.
- Transfer credits or the points assigned for transfer credits to not affect the institutional (CCM) GPA.
- Transfer students who are interested in the Nursing Program at CCM and still need to take the required science or English courses are highly encouraged to take these at CCM.
- The application for the day study track for the professional (clinical) phase is due in Records and Registration by March 1st for a fall semester start.
- The application for the evening study track for the professional (clinical) phase is due in Records and Registration by September 15th for a spring semester start.
- You CAN apply for the professional phase with your final pre-requisites in progress. Spring semester grades will be included in the ranking points for the March 1st applicants but fall semester grades cannot be included in the ranking points for September 15th applicants due to time constraints. If a seat is given with sciences in progress, the student must complete the course they are enrolled in with a “C” or higher to keep their seat in the professional phase.

If you require further information please email the nursing department at nursingdepartment@ccm.edu regarding advisement and information sessions.
