

PUBLIC SHOW SCHEDULE 2018

Our once monthly weekend shows include...

On *Friday* nights, **“OUR PERILOUS UNIVERSE”**: Space is filled with the greatest of dangers! From massive solar flares to black holes, the perils are mighty. We'll explore some of the greatest hazards the universe has to offer. (for ages 8 & up)

On *Saturdays*, **“SHAPES IN THE SKY”**: Our classic storytelling show for our youngest viewers has been updated with new adventures told by ancient cultures about the glittering dots they saw in the sky. They inspired wonderful tales and myths, and we'll relive these amazing stories. (for ages 4 & up)

Also, on *Saturdays*, **“POSTCARDS FROM SPACE”**: For decades amazingly engineered spacecraft have explored our Solar System and beyond. Each has beamed back amazing images and information, with surprises and mysteries revealed. We'll fly along with some of these amazing machines! (perfect for all ages)
