

April marks Sexual Assault Awareness Month (SAAM). The purpose of SAAM is to raise awareness about sexual violence, educate the community on prevention, create a stronger culture of consent, and provide resources that support survivors. This year, the main focus of the Month will be discussions on consent and sexual boundaries.

Throughout the month of April at County College of Morris, the office of Counseling & Student Success, along with student support from the Active Minds club, will be hosting events and disseminating information.

In addition to these events, please keep a look out around campus for sexual assault posters, teal ribbons and table tents. This is to help continue to raise visibility, encourage conversation, and help

break the social stigma surrounding sexual assault and violence, ultimately leading to more resources and support to those affected.
