

Bahar

By Maryam Alikhani

Bahar

Revives words

Forgotten long ago.

Phrase by phrase I get close

To the radiance of a sentence that says

Seni seviyorum.

Let our fingers talk

Our eyes listen, our lips bloom.

Like spring, speak in me, but

Gitme!

*Translations from Turkish:

Bahar = Spring (season)

Seni seviyorum.= I love you.

Gitme! = Don't go!
