

[Math Accuplacer Placement Test](#)

Use the table below to determine your Math Placement

To view your Math placement, log on to your [Titan's Direct](#) account and click on the "Placement Information" tile from your home page. Use the chart below to interpret the code that determines your developmental (non-credit) placement or college-credit Math course choices.

Score	Course Placement	Advisement
200 - 244	<u>MAT 006, Elements of Algebra</u> (2NC) OR <u>MAT 007, Foundations of Algebra</u> (2NC)	MAT 006 is a 15-week, lecture style class that includes 2 lecture hrs; 1 mandatory recitation/lab hour. MAT 007 is a seven-week self-paced computerized class that requires the completion of nine Algebra modules. Students requiring more assistance should consider taking MAT 006
245 - 249	<u>MAT 010, Basic Algebra 1A</u> (1NC)	MAT 010 is a one-week Algebra review. Students who score in this category are recommended to take MAT 010 but may take MAT 007 or MAT 006. This course is only offered in the summer or winterim terms.
Choose MAT 026, MAT 016, OR MAT 120 carefully - your major will affect your math choice		
265 - 275	<u>MAT 026, Intermediate Algebra 'Express'</u> (1NC)	MAT 026 is a one-week intensive review of Intermediate Algebra in an express format. Students who place into this course are encouraged to enroll in it, however they may also choose to take MAT 016 (see description in the box below). This course is only offered in the summer or winterim terms. Refer to the checksheet for your major and/or Titans Direct account to ensure this choice is appropriate.
250 - 275	<u>MAT 016 – Intermediate Algebra</u> (3NC)	MAT 016 is a required developmental/non college credit course for most STEM (Science, Technology, Engineering and Mathematics), Allied Health and certain other majors. Refer to the checksheet and/or Titans Direct account to ensure this choice is appropriate. Refer to the checksheet for your major and/or Titans Direct account to ensure this choice is appropriate.
	OR <u>MAT 120 – Math for the Liberal Arts</u> (4CR)	MAT 120 is a college credit Math course suitable for most, but not all Liberal Arts majors. Refer to the checksheet for your major and/or Titans Direct account to ensure this choice is appropriate.
276 - 300	This represents a passing score for both Introductory and Intermediate non-credit Algebra course work.	Refer to the checksheet for your major and/or Titans Direct account to select appropriate credit-bearing Math course choices.

NOTES:

- Refer to the checksheet and/or Titans Direct for appropriate Math course selections and required prerequisites.
- You may retake the Accuplacer Math Placement test one week after you have taken the previous test. The fee to take the test is \$10.
