

COUNTY COLLEGE OF MORRIS Foundation NEWS

FALL 2021

www.ccm.edu/
foundation

Greetings from the Foundation

We are so excited to share the newest edition of the County College of Morris (CCM) Foundation newsletter with you. Throughout the pandemic, CCM has continued to focus on becoming a comprehensive school

that provides clear pathways for all students pursuing their dreams and the Foundation continues to support these dreams by providing scholarships, funding capital projects and raising unrestricted funds for emergent needs.

In this issue, you will hear about Dover College Promise, the Advanced Manufacturing and Engineering Center, scholarship recipients and our amazing donors. In addition, the CCM Foundation created an emergency fund for students to address unanticipated expenses and the college obtained grant funding to help students to pay for childcare. The college also operates on-campus food pantries and has been partnering with nourish.NJ and Table of Hope to provide the community with food and supplies.

CCM also remains committed to diversity, equity and inclusion as evidenced by the increase in the number of scholarships and other aid it awards to underrepresented populations. CCM pathways are open to all learners with opportunities to obtain an associate degree, transfer credits to earn a bachelor's degree, and training needed to earn a certificate or other industry recognized credential to transition to a better paying and more rewarding career.

Thank you for your continued support throughout this pandemic and as we continue to navigate the uncertainty that lies ahead. Rest assured, CCM will continue to educate, support and engage students creating great opportunity for success in life!

With much gratitude,

Katie Olsen

Katie Olsen

COLLEGE
OF MORRIS
FOUNDATION

JIM DEL GIUDICE Memorial Scholarship

James "Jim" Del Giudice, an adjunct professor of history and photography at County College of Morris (CCM), passed away suddenly of natural causes on September 15, 2020 at the age of 62.

Jim had a lifelong fascination with both photography and history. He was a true renaissance man in every sense with expertise in many fields of knowledge. He was a professional photographer and had a vast and prolific body of work, specifically photo essays based on historic subjects and landscapes throughout the State of New Jersey.

Jim's good friend, Dave Scinto, set up a memorial scholarship in Jim's name to benefit two full-time photography students. The first recipients of this scholarship are Photography Technology majors Isoline Grant of Flanders and Sydney Thumser, of Roxbury. They each received a \$5,000

scholarship and were able to meet with Scinto at a ceremony held at the college on September 22, 2021.

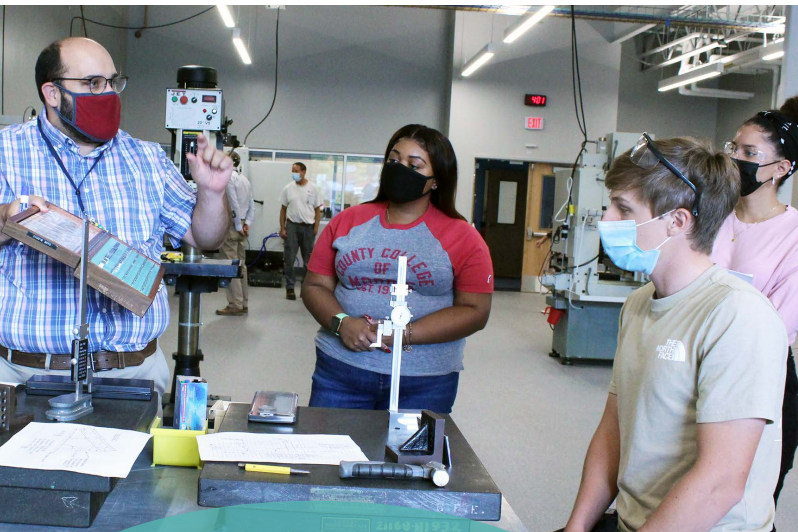

"I am confident that both students will use their scholarship to push their creative practices during their final year here at CCM," says Professor Hrvoje Slovenc, Photography Program coordinator. "This is such a significant gift that is certain to make a lasting impact on their lives."

CCM will honor the life of Jim Del Giudice with a showing of his work at the CCM Art Gallery in March 2022, with a reception on March 26 from 2-5 p.m. In the meantime, you can view some of his work and contribute to the Jim Del Giudice Memorial Scholarship by visiting giving.ccm.edu/campaigns/jim-del-giudice-memorial-scholarship#/.

Dave Scinto, benefactor of the Jim Del Giudice Memorial Scholarship, meets with CCM students, Isoline Grant and Sydney Thumser, the first recipients of the scholarship.

Above: Original artwork by Jim Del Giudice.

Advanced Manufacturing and Engineering Center

On December 8, 2020, County College of Morris hosted a virtual grand opening of the college's Advanced Manufacturing and Engineering Center (AMEC), a state-of-the-art facility constructed to address industry's growing demand for skilled professionals and access to advanced training and conferencing abilities. You can view the grand opening at www.ccm.edu/amec/.

The manufacturing industry is an important part of the economy of Morris County and Northern NJ. The industry supports jobs and careers with good wages and benefits. CCM is committed to supporting the needs of employers for a well-trained workforce through training classes and programs for their current workers while also providing the skills necessary for job seekers to enter the advanced manufacturing industry.

The \$11 million 31,500-square foot facility was constructed with state, county and private funding. CCM was also awarded a \$4 million CareerAdvance USA grant from the U.S. Department of Labor to lead a consortium of New Jersey community colleges to create successful apprenticeship models in advanced manufacturing.

Naming opportunities are still available for rooms within the facility. If you would like to set up a tour, please contact Katie Olsen at 973-328-5060 or kolsen@ccm.edu.

Meet Our

Donors

The Knotts Company donated two Universal Robots UR3 and UR5. The company is also working with the College to develop a robotics program. In appreciation, the AMEC Robotics lab will be named for the Knotts Company.

Glenbrook Technologies, owners and long-time CCM donors, **Gil and Claire Zweig**, generously provided a gift for equipment and program support. The QC Measurement and Materials Testing Lab will be named the Glenbrook Technologies Lab, in recognition of the Zweig family's gift.

Emerson Industrial Automation's Vice President **Greg Volz '94**, a CCM alumnus, arranged for the donation of equipment, as well as a monetary contribution to the college. In addition, Emerson will be collaborating with CCM to hire the Center's manufacturing students.

Norwalt Design contributed to AMEC in honor of Norwalt Founders Norbert Seitel and Walter McDonald. This donation provides equipment for the building and adds their company name to an AMEC CAD (computer-aided design) Lab. AMEC is proud to recognize Nor-

Randolph neighbor, Mike Sietel, CEO of Norwalt Design, visits AMEC to check out the equipment in the CAD lab.

walt for hiring students from the CCM Workforce Development boot camp program.

3D Systems Corporation's employee and CCM alumnus **Ryan Overdorff '13** facilitated the acquisition of a unique Metal 3D printer. This 3D ProX 200 System, weighing in at 3300 pounds, is an impressive sight. CCM is the only community college in NJ to have a metal 3D printer and one of the only three or four universities to have one.

The Knotts Company President, Rick Howe and Vice President of Sales & Marketing, Mark Howe tour AMEC with Venny Fuentes, professor and chair of the Engineering Technologies/Engineering Science programs at CCM.

Meet Our Students

Peter Balluffi-Fry '22 International Studies

Peter Balluffi-Fry of Mountain Lakes entered academe later than most of his peers after receiving his GED. He chose CCM for its quality and affordability. Now, his love for learning is what drives him to finish his associate's degree in international studies and certificate in web development in the spring of 2022.

Peter says, "I absolutely love being educated." This love has inspired him to take higher-level classes so that he can graduate with an honors' degree. He is also very active in campus life at CCM. Currently, he is the Student Government Association Vice President and a member of Phi Theta Kappa and Alpha Mu Gamma (the Foreign Language Honors Society).

As a scholarship recipient, Peter is extremely grateful for the educational support. He

comments, "By not having to worry as much about the cost of my education, I am able to focus on my studies and save for my continuing education." However, the biggest impact of receiving the scholarship has been the inspiration it provides to excel in both academics and extracurricular activities. "If I learned anything from my General Psychology course here at CCM, it's that positive reinforcement works wonders," says Peter.

The Flavor of Giving Supports Dover College Promise

The County College of Morris (CCM) Foundation hosted the Flavor of Giving: Un Evento para recaudar fondos, a delightful virtual event to support Dover College Promise (DCP).

Wilson and Maria Vasquez, owners of Sabor Latino, a highly regarded restaurant in Dover and benefactors of a scholarship supporting Dover students at CCM, provided an exquisite meal while their mixologist served as guest speaker for the event offering instruction in the fine art of making a signature sangria and margarita.

DCP is a grant funded collaborative project between CCM and The Educational Center (TEC) Inc. in Dover to provide low-income middle and high school students with college readiness training, mentoring and scholarships to attend CCM upon earning their diploma.

Even while operating virtually, DCP has experienced great success. Project Coordinator, Ed Lopez, recently led DCP students in a community project cleaning up the Dover Walking Trail, something that is part of the mission of grantor, Impact 100.

In Memory of Thomas A. Pepe

Thomas A. Pepe, of Morristown, formerly of Chatham, died peacefully in late April at the age of 68. For Pepe, helping others and working to strengthen the community were central to his core values. A long-time supporter of CCM, Pepe first served as trustee of County College of Morris (CCM) from November 2009 through 2013 and was reappointed in 2015. For the past three years, he was chairman of the CCM Board of Trustees and was a member of the CCM Foundation Board and a council member of the New Jersey Council of County Colleges (NJCCC).

Pepe also served as a trustee and chairman of the board for NORWESCAP and on the Human Services Advisory Council and the Flood Mitigation Committee in Morris County.

Memorial contributions can be made to the CCM Foundation at giving.ccm.edu/campaigns/memorial-slash-honor#.

Sign up for monthly giving or make a one-time gift online today!
giving.ccm.edu

Double Your Donation to CCM. It's Easy.

Do you or your spouse work for a company that offers a contribution match? If so, you can significantly increase your gift to the CCM Foundation at no additional cost. Make a gift to CCM with the enclosed envelope or online at giving.ccm.edu, then check to see if you or your spouse's company offers these programs by visiting: doublethedonation.com/ccm.

Table of Hope

County College of Morris (CCM) and Table of Hope continue to partner to provide food and supplies to families in Morris County during this time of need in the community. The Table of Hope program, run by the Spring Street Community Development Corporation, focuses on dealing with economic, educational and social needs for the residents of Morris County.

Table of Hope and a team of CCM volunteers hosted a contactless drive-through food pantry filling families' cars with bags of produce, meat, and canned and boxed food in CCM Parking Lot 1.

Table of Hope and CCM also helped make preparing for another school year easier as they distributed nearly 1,000 backpacks filled with school supplies to local families. Again, the CCM parking lot transformed into a drive-through distribution center with backpacks being placed in cars, bringing smiles to the faces of parents and children. Bags of fruit and vegetables from Alstede Farms were also distributed.

Other organizations supporting these events included Alpha Kappa Alpha Sorority, Bethel Church of Morristown, Cable Communications, Fully Promoted, Hope One, Market Street Mission, the Morris County Sheriff's Office, Parsippany Police Local PBA 131, PCNY, NJNG, PSE&G and JCP&L.

Annual Fund Review – 5-year Report

Thanks to the generous support of hundreds of donors, and the dedicated work of the CCM Foundation staff, the Board of Directors and the Trustees of the college, the foundation continues to succeed in its mission of raising and managing philanthropic gifts for the benefit of the college, its students and the community. This year's Honor Roll of Donors recognizes the cumulative contributions of CCM alumni and friends over the past five years (July 1, 2016 – June 30, 2021).
