# FROM THE PRESIDENT

---

Dear Class of 2025,

On behalf of the Board of Trustees, faculty, staff, and administration of County College of Morris (CCM), I extend my heartfelt congratulations on reaching this extraordinary milestone. Graduation is more than a celebration of completed coursework—it is the culmination of years of determination, growth, and perseverance. It marks both an ending and a beginning: the close of one meaningful chapter and the start of another, empowered by the knowledge, skills, and experiences you've gained at CCM. With every diploma awarded today comes a remarkable and personal story of success. I hope your journey at CCM serves to strengthen you in the days and years ahead.

For more than five decades, our college has helped students transform their lives while strengthening communities across New Jersey. We've grown from a highly respected local college to a nationally recognized leader in Higher Education. State and national organizations frequently cite CCM as a model for linking a high-quality education with high-demand careers. In recent years, among dozens of accolades noting CCM's accomplishments, our college has been ranked New Jersey's #1 community college with nationally ranked programs and, for seven years, our college has been ranked #1 in alumni salaries. From all metrics and observations there is a reason our more than 50,000 alumni proudly proclaim *I Started Right!*

As a CCM graduate, you now carry that legacy forward - and you are prepared. As you emerge confidently into this next phase of life, I encourage you to recognize and embrace the immense potential that lies within, and that you carry, as a CCM graduate. Whether launching a new career, advancing in your current one or continuing your education toward a bachelor's degree and beyond, you have earned the credentials and gained the confidence for even greater success. You are ready to contribute to your workplace, your community, and your future with purpose and pride. As you leverage your CCM education, it is exciting to think of the many benefits it will offer you and your family. To that end, I encourage you to also share your time, talents, and resources with your local community. Just as many people have helped you reach this milestone today, you too can be a beacon of light for others. Volunteering matters. Leadership matters. People matter. So, give back with a joyful heart. In doing so, you will truly reap the greatest benefit of your education in helping others.

Again, congratulations on your outstanding accomplishment. I want you to know that at CCM, we believe in you and we eagerly look forward to seeing and hearing about what you will do next.

Best wishes for a lifetime of happiness and success. Congratulations Titans and thank you for choosing CCM!

### Professors / Dean Emeritus / Emerita

The Latin title of Professor/Dean Emeritus (masculine singular) or Professor/Dean Emerita (feminine singular) is a special honor granted by the Board of Trustees of County College of Morris only to a very few faculty members and academic deans who have retired from full-time employment with the most outstanding, exemplary service records. The Latin root emerit means "earned by service."

The holder of such a title retains in the academic community a courtesy rank mirroring their active rank immediately before retirement.

Every Professor/Dean Emeritus/Emerita must have served the college for at least 15 years in a full-time position with faculty rank, and must have held the rank of full professor or academic dean at the time of retirement. Service must have been exemplary in terms of teaching or leadership, contributions to the college, and contributions to the larger professional and civic communities. The highest ethical standards must have been upheld in relationships with students, colleagues and superiors. The Emeritus (masculine plural) and Emerita (feminine plural) are considered "model" academic professionals.

## THE SEAL

- The lamp of learning cresting the shield represents the paramount purpose of the institution.
- The polaris and globe represent the guiding role which education plays in the world.
- The atomic symbol signifies the age in which we live, made possible by the accumulation of knowledge as represented by the book.
- The three orbits of the atomic symbol are the dimensions of the student's

education at the college: intellectual, personal and social.

- The knight's helmet is excerpted from the official seal of Morris County and symbolizes the sponsorship of the college by the county.
- Three dividers on each side of the 1965 represent that New Jersey was the third of the original 13 states.
- "Sapere Aude" means "Dare to Know."

## THE MACE

The academic ceremonial mace is carried aloft and forward by the Grand Marshal in the academic procession. The mace incorporates the seal and is constructed of precious metals. It signifies protection of governmental, ecclesiastical or academic "authority."

## ACADEMIC APPAREL

### The History of Academic Apparel

Ceremonial academic costumes symbolically link modern scholars with the oldest European universities, which in the Middle Ages required daily wearing of long, usually dark gowns by both faculty and students. In unheated medieval buildings, heavy gowns and hoods served not only protocol but practicality. The Renaissance brought color and ornament to academic attire. Some European costumes became elaborate and even today may include neck ruffs, capes and lampshade hats dripping with glass beads. Since about 1894, most U.S. colleges and universities have followed a common code for ceremonial garb. This code allows room for discretion, but its prescriptions for gown shape and hood design are precise and generally observed with care.

- **Platinum Stole with Black Lettering**

## Faculty and Administration

Gowns represent degrees — bachelor, master or doctorate — and may be black or the authorized color of the degree-granting institution. For example, a New York University graduate may wear violet; a Rutgers, scarlet; or a Columbia, slate gray. Velvet trim on the gown and either a velvet hat or a gold tassel on the mortar board hat further distinguish a doctoral degree.

Shape of sleeve and length of hood are subtle but consistent indicators of the specific degree: pointed sleeve and 3-foot hood identify the bachelor; oblong sleeve with cutaway arc in front and 3.5-foot hood, master; bell-shaped sleeve and 4-foot hood, doctorate.

The ornamental hood worn draped from the shoulders is always lined with the color of the degree-granting institution. Velvet binding on the hood is in a color signifying the wearer's discipline or subject:

- **Apricot**  
Nursing
- **Dark Blue**  
Philosophy
- **Dark Brown**  
Fine Arts
- **Golden Yellow**  
Science
- **Lemon Yellow**  
Library Science
- **Light Blue**  
Education
- **Light Brown**  
Business
- **Orange**  
Engineering
- **Pink**  
Music
- **Sage Green**  
Physical Education
- **White**  
Humanities

Graduates have the option of keeping their regalia as a souvenir.
