TECHNICAL STUDIES

Associate in Applied Science

If you are a trained professional, this program will allow you to attain your educational goals by earning credit for your previously acquired training, internships, apprenticeships or other educational experiences that can be adequately evaluated and measured.

FACULTY

Faculty practice student-centered instruction and demonstrate empathy for and provide support to non-traditional students.

AGE-OF-CREDIT POLICY

Technology-based courses taken by a student at least seven years prior to the time the student applies for graduation may not be applied to a degree or certificate within the Department of Information Technologies.
