

NURSING DEPARTMENT STUDENT UNIFORM GUIDE

Students **must purchase a CCM Nursing Uniform**. The uniform consists of a white tunic/top and a white lab coat with navy-colored scrub pants. Scrub tops and pants should be a Cherokee Workwear™ style. **No Jogger style pants are permitted**. Pants must be in the style below. Pictures and style numbers are provided for reference. **White** shoes, socks and/or stockings are also required. Students will need to be in uniform on the first day they are in the clinical area.

The lab coat is the only garment students may wear over their uniform. Students will be permitted to wear white crew neck, short sleeve T-shirts under their uniform tops. A closed toe, all white leather (or other material that will retard penetration) shoe is required. Open-backed clogs and high heels are not permitted. **The uniform is not to be worn on the college campus unless participating in clinical simulation.**

The white tunic/top, white lab coat, and navy-colored pants may be ordered from any of the following uniform suppliers. Students may purchase their uniform from another supplier, provided that the items/styles are same.
