

Dual Degree Request

Please Print:

Name _____ CCM ID _____

Policy regarding Dual Degrees – To earn a dual degree, one major is selected as the primary degree with the other as the secondary degree. All requirements for both degrees must be completed with at least a 2.00 gpa. Comparable courses from the primary degree may be used to meet the requirements of the secondary degree, but a minimum of 21 separate, additional CCM credits must be earned in the secondary degree. Since all requirements for both degrees must be met, more than 21 credits may be necessary in cases where the two degrees do not have common, shared courses. A student will not be permitted to apply for a dual degree in Nursing and Allied Health.

Current Semester (please check one) Fall Spring Winter Summer **Current Year** _____
