Biology/Chem

I M P O R T A N T !

Please Read and Keep for Future Reference

You have chosen a major in the Department of Biology and Chemistry.

All degree-seeking students are expected to have their course selections approved by an Academic Advisor before registering for classes each semester. Log onto Student Planning from your Titans Direct account and click on 'View My Progress' to stay on track by planning and preparing for your upcoming semester/s.

While registration for the spring and fall semesters begins in early November and April, respectively, you can start planning for your next term NOW by connecting with your advisor/s.

You may discuss your academic plans with any of the Bio/Chem faculty associated with your major. You are however, assigned to one specific advisor on your Titans Direct – Student Planning account. You can view the name of and communicate with your faculty advisor by clicking on the 'Advising' tab from the 'Plan and Schedule' box of Student Planning.

As a reminder, new students are also assigned to a Student Success Specialist (SSS) in The Academic Success Center for their first two semesters. After two semesters, your SSS assignment will end, so it is best to connect early on with your faculty advisor to establish a connection.

The Department Administrative Assistant, Kelly Lockman and the Department Chairperson, Prof. Caitlin Burns biochem@ccm.edu | 973-328-5360, Sheffield Hall, SH208 may also be of assistance in helping you connect with an advisor.

Sincerely,

Jill Wells
Coordinator of Academic Advisement and Student Success
