

IMPORTANT!

Please Read and Keep for Future Reference

You have chosen to major in one of the following degree programs in the Information Technologies Department: **Information Technology, Computer Science, Game Development, Digital Media Technology, Technical Studies** or one of the following Certificates: **Digital Technology, Web Development, or Information Security.**

All students are expected to have their course selections approved by an Academic Advisor before registering for classes each semester. Log onto Student Planning from your Titans Direct account and click on 'View My Progress' to stay on track by planning and preparing for your upcoming semester/s.

While registration for the spring and fall semesters begins in early November and April, respectively, you can start planning for your next term NOW by communicating with your advisor/s.

You may discuss your academic plans with any of the faculty for your major listed below; on Student Planning, **you have been assigned to 'Information Technology Advisor' which encompasses all faculty for the department.** To build a relationship and have continuity in your educational planning, it is advisable to connect with the same faculty advisor each semester for advisement.

As a reminder, new students are also assigned to a Student Success Specialist (SSS) in The Academic Success Center for their first two semesters. You can view the name of your faculty advisement team and communicate with your advisor/s by clicking on the 'Advising' tab from the 'Plan and Schedule' box of Student Planning/Titan's Direct.
