The Moving Wall Concludes

More than 5,000 residents of Morris County and beyond visited "The Moving Wall" by the time closing ceremonies were held on Monday, July 11. This half-size replica of the Vietnam Veterans Memorial in Washington, D.C., honoring all Vietnam veterans and the military personnel who made the ultimate sacrifice for their nation, began immediately attracting visitors upon its arrival on campus on Thursday, July 7.

Each day the formal program included a marching of the color guard and rifle salute, reciting the Pledge of Allegiance, singing the National Anthem and God Bless America, a moment for prayer, a welcome address from

CCM President Dr. Anthony Iacono or Vice President for Human Resources and Labor Relations Vivyen Ray, words of gratitude from the leadership of VFW Post 7333 of Randolph and the playing of taps. Proclamations honoring the visiting memorial were also read by federal, state, county and local officials including Senator Anthony Bucco, Assemblywoman Aura Dunn, Morris County Commissioner Deputy Director John Krickus, Randolph Mayor Marie Potter and U.S. Representative Mikie Sherrill.

Visitation was free with open access during the five-day tribute. Many visitors sought out the names of loved ones lost in the conflict, making "rubbings" with crayon and paper, while others left mementos. The New Jersey State Police conducted a fly-over with a helicopter on Saturday and dozens of veteran organizations and government agencies presented wreaths in honorarium.

The Moving Wall was brought into Morris County purely with donated resources and funds. There are numerous members of the CCM community, as well as local supporters and volunteers, to thank for their time, energy and dedication resulting in the smooth orchestration for such a successful event. The Moving Wall was disassembled on Monday to begin the route to Sumner, Iowa – its next visiting location on the 2022 schedule.

The wall was constructed after John Devitt, a Vietnam veteran, attended the 1982 dedication of the Vietnam Veterans Memorial in Washington, D.C., and wanted to share that experience with those who might not have the opportunity to visit it. The Moving Wall has been travelling the nation since 1984.

The five-day program at CCM with additional Moving Wall facts can be found at https://www.flipsnack.com/CACB9CEEFB5/mw-flip-6_13_22.html.

The **CCM Golf Team** had much success with their season this past spring, winning the GSAC and Region 19 Championships for the 4th consecutive time! The team also finished 8th at the NJCAA Div. III National Tournament. Six of the nine rostered team members were named to the GSAC and Region 19 All-Academic Team and three of those were also named Academic All-Americans! The team was also named NJCAA All-Academic Team of the Year with a 3.22 GPA. One player received the Sportsmanship Award at the Nationals as well. Congratulations!

Imagine if a robot could help optimize workflow and increase productivity while automatically collaborating with employees and reducing overhead costs in a safe factory setting? Meet the **Collaborative Mobile Industrial Robot 100** from The Knotts Company in Berkeley Heights. Collaborative robots provide major improvements in productivity, safety, portability and cost on manufacturing floors. This exposes our students to what they are seeing in the workforce with hands on experience. Additionally, this allows for interdisciplinary learning from engineering, manufacturing and our computer science students from a robotic programming perspective.

Put Your Employee Benefits to Use with Workforce Development Classes

BENEFITS

It's the new fiscal year -- a great time to begin thinking about sharpening your skills through the Center for Workforce Development (WFD) at no monetary cost to you. Check out what is being offered this summer and fall.

1. A new series of grant supported training for July and August is online at <https://www.ccm.edu/workforce/grantsupported/>. Invite your family members or friends to participate at no cost – as long as the participant is employed by a NJ non-governmental business. The WFD course
2. offerings for Fall 2022 is online at <https://www.ccm.edu/workforce/>. A new printed brochure will be available soon.

Employees can be sponsored by their own departments to take WFD classes using their professional development budget. Both forms can be found here: <https://www.ccm.edu/humanresources/employee-resources-directory/>.

Employees can use their tuition waiver benefit for grant supported training classes, but they need to reach out to cbt@ccm.edu and request a link to register since this doesn't qualify under the NJBIA grant.

To use the tuition waiver benefit for any WFD classes, remember:

- Employees do not pay the tuition amount; only a \$5 fee per course registered
- Any employee who wishes to take a noncredit course must get the tuition approved by both the employee's supervisor and HR
- If this is your first time registering using our new registration system (Elevate) you need to create a new account
- "Save & Exit" just before the **Payment** tab on the right of the screen

Upon completion of these steps, the employee should bring their approved tuition waiver form and a check or cash for the fees to the Bursar's office.

CCM Employees on the Move

Welcome these friendly faces to their new spaces!

- Janet Akesson, Executive Administrative Assistant to the Vice President of Marketing, Public Relations & Enrollment Management, is in Henderson Hall, Room 211, ext. 5171
- Dr. Katrina Bell, Assistant Vice President of Workforce Development and Experiential Learning, is in Henderson Hall, Room 203A, ext. 5089
- Janique "Jan" Caffie, Dean of Students, is in Room 132 in the Student Community Center, ext. 5170
- Dr. Pam Marcenaro, Assistant Vice President of Enrollment Management, is in The Academic Success Center (TASC), Room 203D, ext. 5271
- Kelly Meola, Director of Institutional Grants & Federal Liaison, is in Henderson Hall, Room 210E, ext. 5064

Thank you to the Plant and Maintenance department for assisting with this task!
