Academic Year 2022-23 Begins

On a beautiful late summer day with billowing clouds, blue skies and a gentle breeze, CCM welcomed new and returning students on Wednesday, August 31, to the start of Academic Year 2022-23.

Take some time to walk around and greet our students and help where needed, whether that is giving directions to the bookstore, making a recommendation on what to eat in the college's cafés, offering suggestions for quiet places to study on campus or something else.

This Fall Semester consists of five sessions:

- Full 15 Week – August 31 – December 19
- Early Start 2 Week – August 31 – September 13
- Early Start 7 Week – August 31 – October 14
- 13 Week – September 14 – December 19
- Late Start 7 Week – October 26 – December 19

As the college begins Academic Year 2022-23, it does so on a strong foundation of success. Academic Year 2021-22 was a landmark year for the college as it received numerous state and national recognitions. A few highlights from those reported in previous issues of the CCMemo are:

- #1 Rankings for Associate in Fine Arts Nationwide, Best Value Radiologic Technology and Graphic Design Associate Programs in the Middle Atlantic Region, Best Community College and Associate Degrees in New Jersey, Best Salaries for Associate Degree Graduates in the State – for five consecutive years – Most Popular Visual and Performing Arts Associate Programs in New Jersey, Most Popular Online Business Associate Degree in the New Jersey, Best for Transfer Students in the State
- Top 10 Community College Nationwide and \$100,000 Lumina Foundation Grant Recipient
- National Finalist Examples of *Excelencia* in Education – EOF
- Top 10 Percent Nationwide for Criminal Justice, Nursing, Radiography and Respiratory Therapy Associate Programs
- Top 20 Best Culinary Schools on the East Coast
- Good Neighbor Award for the Advanced Manufacturing and Engineering Center

Congratulations to the employees, students, board members and community supporters who have made this all possible. We are CCM Proud!

Legacy Project Looks at the Environment and How We Relate to It

The Legacy Project this Fall Semester will be looking at the environment and how we relate to it with online discussions on Toms River, urban

Updated Pandemic Response Plan

The college has updated its Pandemic Response Plan, removing old information and adding new department contacts. Please take time to review the plan [here](#).

revitalization and Superstorm Sandy. All events are free and offered on Zoom.

The first program features Dan Fagin, author of the Pulitzer Prize-winning book "Toms River: A Story of Science and Salvation." In his book, Fagin details how a cluster of childhood cancers developed in the seaside community of Toms River after chemical companies had buried leaky drums in open pits and discharged billions of gallons of acid-laced waste into the town's river. His talk takes place Tuesday, September 13, at 7 p.m.

Next is Howard Gillette who will discuss his book "The Paradox of Urban Revitalization," focusing on the chapters about Camden and Newark. In his book, Gillette shares how revitalization created another urban crisis centered on growing inequality and civil unrest. His talk takes place Thursday, September 29, at 12:30 p.m.

Finally, Dr. Diane Bates will discuss her book "Superstorm Sandy: The Inevitable Destruction and Reconstruction of the Jersey Shore." In her

book, Bates explores why people build in areas subject to repeated natural disasters. Drawing on a variety of insights from environmental sociology, she looks at both the unique character of the Jersey Shore and the more universal ways that humans relate to their environment. Her talk takes place Tuesday, October 25, at 7 p.m.

To register and obtain the Zoom link to these events, email legacy@ccm.edu.

In Case of Emergency

For police, fire or medical emergencies, dial 9-1-1 from your cell phone or any campus phone.

Campus phones will automatically display the room number to the 9-1-1 operator so that is where emergency personnel will be directed unless they are told to go to another location. For assistance, call Public Safety at ext. 5550. For more detailed information, refer to the [CCM Emergency Response Guide](#).

What To Do If a Student or Employee Is Not Feeling Well

If a student or employee reports that he or she is feeling ill or waiting for COVID test results, advise them to leave campus and refer them to the [Pandemic Response Plan](#) for further action.

If the student or employee does not have transportation, contact Public Safety. Public Safety has a quarantine procedure for those with symptoms who are delayed in leaving campus.

CCM's Reorganization

To further enhance the success of students and ensure institutional stability, CCM has made numerous adjustments to its organizational structure.

The position of Vice President of Student Development & Enrollment Management was eliminated and divided among three different areas.

Vice President Karen Vanderhoof was reassigned to the position of Executive Vice President of Business & Finance. Harvey Willis, Director of Financial Aid, now reports to her.

Vice President Patrick Enright was reassigned to the position of Senior Vice President of Academic Affairs, Workforce Development & Student Success.

Dr. Katrina Bell is now the Assistant Vice President for Workforce Innovation & Experiential Learning, reporting to Enright.

Jan Caffie, now Dean of Student Success, also is reporting to Enright.

Melissa Albright was reassigned as the Vice President of Marketing, Public Relations & Enrollment Management and Dr. Pam Marcenaro was reassigned as Assistant Vice President of Enrollment Management. Along with Marcenaro, the directors of Admissions, Records & Registration and TASC report to Albright.

In addition to these changes, an Executive Director of Diversity, Equity & Inclusion & Opportunity Services has been added to the college's organizational chart. The Executive Director will oversee EOF, Achieving the Dream Equity Programs and After School/Summer Programs for Diverse Populations.

The college's organizational chart is housed on the CCM website and is available [here](#) for your reference.
