General Chemistry II Lab	CHM 128	1		
Biology Elective*		4		
Probability and Statistics OR	MAT 130	4		
Analytic Geometry & Calculus I	MAT 131	4		
FREE ELECTIVES (4 CR)				
		4		
	TOTAL	60		

NOTES:

This is an unofficial document and should be used for academic planning purposes only. All students are required to see their Academic Advisors each semester to discuss and approve their selection of courses before they register.

Due to continual program revisions mandated by accrediting agencies and/or changes in state mandated requirements, students should consult their academic advisor when selecting courses.

If you need the name of your academic advisor, contact the Biology/Chemistry Department, 973-328-5360.

The Traditional Track is a general curriculum designed to satisfy the transfer needs of most students.

*See back for more information.

To determine the transferability of your courses to participating NJ Colleges & Universities, visit the NJ Transfer site at www.njtransfer.org.

Science courses completed by students prior to entering the program must be less than seven years old. If the science courses exceed the seven-year limit, students can prove their competency by testing or they must retake the courses.

Note: All developmental Math and English courses (including ESL) must be completed before enrolling in the core science courses.

BIOLOGY: TRADITIONAL TRACK
Science & Math Degree
#2160

Suggested Sequence by Semester

*This suggested sequence does not include any required developmental courses.
Degree completion time may vary depending upon the number of credits taken each semester.*

MATH/SCIENCE/TECHNOLOGY

MATHEMATICS: Students demonstrating proficiency in MAT 123 Pre-Calculus are encouraged to take MAT 131 Analytic Geometry and Calculus I followed by MAT 130, Probability and Statistics) or MAT 132 Analytic Geometry and Calculus II. You may use an additional Math class as an elective in the Math/Science/Technology category.

SCIENCE/TECHNOLOGY: Consult the General Education course list for approved courses in Science and Technology.

If you do not pass the Technology Literacy Competency exam, you must take one of the courses in Technological Competency or Information Literacy listing from the General Education course list. This course can be used to fulfill a General Education Math/Science/Technology elective.

BIOLOGY ELECTIVES: Select from the following courses:

- BIO 202 Ecology (Fall)
- BIO 215 Microbiology
- BIO 201 Genetics (Spring)
- BIO 223 Cell and Molecular Biology (Fall)
- CHM 212 Biochemistry

NOTE: BIO 101 and BIO 102, Anatomy & Physiology I & II cannot be substituted for the Biology Elective.

GENERAL EDUCATION ELECTIVES: Please select appropriate courses from the approved list of General Education courses. Students planning to transfer to a B.A. (Bachelor of Arts) program should take COM 109 Speech Fundamentals, since this is required under communication for that degree.

HUMANITIES: Please select appropriate courses from the approved list of General Education courses for Humanities.

SOCIAL SCIENCES: Please select appropriate courses from the approved list of General Education courses for Social Science.

FREE ELECTIVES: Any course or combination of courses totaling the required credits. Free Electives do not have to be part of the General Education Course list.

NOTE: BIO 233 Independent Study in Biology does not fulfill any of the science requirements in Biology, but may be taken as a free elective.

HONORS COURSES: You may be eligible to take honors courses. For more information, contact Prof. Laura Gabrielsen, 973-328-5459.
