NOTES:

This is an unofficial document and should be used for academic planning purposes only. All students are required to see their Academic Advisors each semester to discuss and approve their selection of courses before they register.

Due to continual program revisions mandated by accrediting agencies and/or changes in state mandated requirements, students should consult their academic advisor when selecting courses.

If you need the name of your academic advisor, please contact the Biology/Chemistry Department, 973-328-5360.

Although the A.A.S. degree is a career-oriented program, selected four-year institutions may provide graduates of this program opportunity for transfer. For more information, contact the Transfer Coordinator and/or your academic advisor.

To determine the transferability of your courses to participating NJ Colleges & Universities, visit the NJ Transfer site at www.njtransfer.org.

Science courses completed by students prior to entering the program must be less than seven years old. If the science courses exceed the seven-year limit, students can prove their competency by testing or they must retake the courses.

*See back page for more information, and special note about Technology Literacy.

+CHM 231/232 Organic Chemistry may be substituted.

++ PHY 125/126 General Physics I may be substituted.

Note: All developmental Math and English courses (including ESL) must be completed before enrolling in the core science courses.

SOCIAL SCIENCE OR HUMANITIES: See attached General Education course list for Humanities or Social Science choices.

GENERAL EDUCATION ELECTIVES: Please select any courses from the approved list of General Education courses. Students who plan to transfer to a B.A. (Bachelor of Arts) degree program should take COM 109, Speech Fundamentals since this is required for B.A. degrees.

Special note about Technology Literacy: If you do not pass the Technology Literacy Competency exam, you must take a course to satisfy the Technology Literacy requirement. You may use a general education elective to fill this requirement from the list of Technological Competency/Information Literacy.

TECHNICAL ELECTIVES:

BIO 118 Biomedical Ethics	CHM 228 Cooperative Industrial Experience
BIO 202 Ecology (Fall)	CHM 233/234 Organic Chemistry II Lecture/Lab
BIO 215 Microbiology	CMP 135 Computer Concepts with Applications – satisfies the Technology Literacy requirement.
BIO 223 Cell and Molecular Biology (Fall)	MAT 110 College Algebra
CHM 212 Biochemistry	MAT 123 Precalculus
CHM 212 Biochemistry	PHY 127/128 General Physics II
CHM 235 Independent Study in Chemistry	

HONORS COURSES: You may be eligible to take honors courses. For more information, contact Prof. Laura Gabrielsen at (973) 328-5459.
