CHEMISTRY OPTION
Science \& Math Degree

FALL 2020

## NOTES:

This is an unofficial document and should be used for academic planning purposes only. All students are required to see their Academic Advisors each semester to discuss and approve their selection of courses before they register.
Due to continual program revisions mandated by accrediting agencies and/or changes in state mandated requirements, students should consult their academic advisor when selecting courses. If you need the name of your academic advisor, contact the Biology/Chemistry Department 973-328-5360.

This program is intended for students with strong math and science skills, planning to transfer to a B.S. in Biology or Chemistry, Pharmacy, Pre-Med, Pre-Dental or PreVeterinary programs.
*See back page for more information.
To determine the transferability of your courses to participating NJ Colleges \& Universities, visit the NJ Transfer site at www.njtransfer.org.

Science courses completed by students prior to entering the program must be less than seven years old. If the science courses exceed the seven year limit, students can prove their competency by testing or they must retake the courses.

Note: All developmental Math and English courses (including ESL) must be completed before enrolling in the core science courses.
