	TOTAL	16		

**NOTES:**

**This is an unofficial document and should be used for academic planning purposes only.** All students are required to see their Academic Advisors each semester to discuss and approve their selection of courses before they register. Due to continual program revisions mandated by accrediting agencies and/or changes in state mandated requirements, students should consult their academic advisor when selecting courses.

If you need the name of your academic advisor, contact **973-328-5328**.

The Personal Trainer Certificate of Achievement requires no Math or English pre-requisites. Students who complete all 16 credits with a GPA of 2.0 or higher, will be awarded the certificate. Students who receive a D grade in any course(s) must re-take the course(s) and achieve a C or higher grade.

In order to obtain the certificate all students must have the #0950 curriculum designation on their academic record. Dual admittance with an Associate degree is permitted, however students may also select the certificate as a stand alone educational goal.

Upon completion of the required credits, the student is eligible for graduation with a Certificate in Personal Training from CCM and may also sit for a National Personal Training Certification Exam. The completed certificate affords the student more employment opportunities.

Due to continual program revisions mandated by accrediting agencies and/or changes in state mandated requirements, students should consult their academic advisor when selecting courses.

\*HES 104 is a prerequisite for HES 106 & HES 107.
