**NOTES:**

**This is an unofficial document and should be used for academic planning purposes only.**

A self-designed certificate that allows students to select courses most appropriate to their needs. Students must complete at least 14 credits in order to fulfill certificate requirements.

The Technology Certificates of Achievement are designed for present or future professionals who seek to improve their technical knowledge and skills in certain areas. Each certificate is balanced with theory and hands-on experience.

Certificate of Achievement awarded after successful completion of all courses with a grade of "C" or better.

The Certificates of Achievement are designed primarily for part-time students who are presently working or plan to work in one of these areas. It is possible to complete any certificate within one year. This Certificate of Achievement also serves as introduction to the field and can completely transfer to the Engineering Technology degree. For more information, contact your academic advisor in the Engineering Technologies/Engineering Science Department in the Advanced Manufacturing and Engineering Center, room 104, 973-328-5760.
