

About me

Josh Pledger, a 3rd year student at CCM studying architecture. Soon to graduate and transfer to NJIT and continue his education to better his knowledge and skills as an architectural designer. After transferring to the next level, he plans to pursue his Bachelor of Architecture (B.Arch.). After completing the remaining years of education josh will then begin his journey to get his career started. He is looking for an opportunity to put his name out there and find an internship to develop himself in the field and gain the required real-world experience. Soon after will the apply and take the exams to become a licensed architect.
