The Solar System Clutter: Asteroids, Comets, and Dwarf Planets

July 12

1 p.m. and 3 p.m.

Our solar system has THOUSANDS of objects that are often overlooked. Take a closer look at some of the most famous and interesting comets and asteroids. Also explore the often forgotten asteroids that follow the orbit of Jupiter, and a closer look at our newest category of objects: Dwarf Planets. Contact ext. 5076 for further information.

CCM accreditation reaffirmed

I am pleased to report that the Middle States Commission on Higher Education reaffirmed the accreditation of County College of Morris at its meeting on June 26, 2008. I am grateful to all those individuals who participated in the Self Study Process, especially Co-Chairs Janet Johannessen and Nial McCabe. As expected, the Commission has requested a progress letter, due by April 1, 2010 in the areas of outcomes assessment, student learning and institutional assessment, and general education. While we have work to do in these areas, we have much to be proud of, and I congratulate all who have contributed to our many successes.

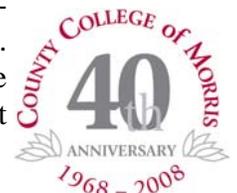

*Dr. Edward J. Yaw
President*

Kudos

Congratulations to Jose Bevia, a faculty member in the Music Department. Jose's composition "Abstractions," commissioned by the BMI Foundation, was successfully premiered at Merkin Hall in NYC on June 25. To view an article from the BMI web site go to: www.bmi.com/news/entry/536878.
