## **Student Hiring on Campus**

Effective fall 2010, criminal background checks will be completed on all students hired to work at the college. This will not affect students currently working or those who have worked at the college before.

Human Resources will conduct a criminal background check while students are completing their new hire paperwork. The cost of each background check is \$19.95 which will be charged back to the hiring department.

For those departments who hire students on campus, a brief Q&A is available at [http://www3.ccm.edu/pdf/q\\_a.pdf](http://www3.ccm.edu/pdf/q_a.pdf) and is also posted on Spider. Questions regarding this practice and procedure should be directed to Human Resources.

## Interesting Websites

HONDA—Not just for cars anymore!! ASIMO is a robot built by Honda, and on this website visitors can learn about its technical specifications including many photos of ASIMO out in the world. ASIMO stands for Advanced Step in Innovative Mobility (ASIMO), a fact which may be of interest to many. In the "Design Concept" link, Honda states "ASIMO was conceived to function in an actual human living environment in the near future. It is easy to operate, has a convenient size and weight and can move freely within the human living environment, all with a people-friendly design." On the right side of the homepage are videos of ASIMO, including one where a robot is conducting the Detroit Symphony and another where there are multiple ASIMOs performing coordinated movements. The intelligence of ASIMO is quite significant, as it can recognize moving objects, posture, gestures, sounds, faces, and can even connect to the Internet. Visitors will find the "ASIMO desktop widget" and the Interactive Control to be quite fun. ASIMO [Flash Player] <http://world.honda.com/ASIMO/>
