Nearby Repaving Projects and Traffic Impact

The Randolph Police Department has alerted CCM about some additional repaving projects that will impact traffic to and from the college. Please be aware of the following.

Dover Chester Road – From Sussex Turnpike to the NJ 10 Ramp

- August 24, 25, 26: Basin Repair – No Detour needed
- September 8-10: Milling – Detour Traffic (see below)
- September 11, 14-15: Paving – Detour Traffic (see below)

Detour

- Traffic on Dover Chester northbound will be detoured at Sussex Turnpike to Canfield Avenue to 10 East to Dover Chester Road.
- Traffic on Dover Chester southbound will be allowed through.
- Traffic on Sussex Turnpike traveling east and wishing to turn left onto Dover Chester Road will be detoured to Morris Turnpike to Dover Chester Road south at which time the traffic can then join the detour to Canfield Avenue.
- No traffic from any side street or driveway on Dover Chester Road will be permitted to travel north.
- The Public Safety department is recommending that people who typically travel north on Dover Chester Road use one of the two Center Grove Road exits during the detour.

Millbrook Avenue – From Schoolhouse Road to Sussex Turnpike

Kate Barry and Morgan Sharoff, will be working closely with the college over the coming months.

On September 1, from 12:30 – 1:45 p.m. in the Student Community Center, Dragonetti Auditorium, the two consultants will hold an open forum for employees to hear perspectives on the college, expectations for the president, and the key challenges and opportunities the new president will face. These discussions will help the search consultants learn about the role and gain an understanding of the college's culture, current environment and the organizational context in which this president will operate.

Once they have had an opportunity to speak with people here at CCM, the two will work with the Search Committee to develop a position profile that will provide a compelling description of CCM, its history and mission, as well as a realistic and enticing picture of the challenges, measures of success, and ideal skills, experience and qualifications of the president.

When finalized, this document will be made publicly available and will be shared broadly by the search firm with prospective candidates and helpful sources.
