**Cyber Security Events at CCM**

CCM once again is serving as a leader in cyber security education in New Jersey by hosting weekly events this month on how the public can take steps to be safer and more secure online.

The information sessions are being held in recognition of October being National Cyber Security Awareness Month. The national “Stop. Think. Connect.” campaign is a country-wide effort to increase public awareness that cyber security is a shared responsibility and each person has a part in keeping the Internet safe. As part of that effort, the Department of Information Technologies at CCM is hosting several free events to help educate students, faculty, staff and the public on cyber security issues.

**Campus Safety Workshops**

The Department of Public Safety will be providing campus safety awareness workshops for faculty, adjuncts and staff. The workshops will provide information and discussions related to how you can prepare, prevent and respond to situations on campus that could affect your safety and well-being.

Topics include preparedness, prevention, survival mindset, reactionary time, situational awareness, emergency notifications, cover versus concealment, lockdown techniques and evacuation plans.

The training is limited to 20 participants and will be conducted on Fridays, from 2 – 3 p.m., on a first-come basis. The training will be held in Cohen Hall, Room 102. If you are interested, please send an email to Director Harvey Jackson and Assistant Director John Fichter indicating the date you would like to attend.

The scheduled dates for the training are October 13, October 27 and November 10.
