

CCM Provides Morris County with a \$484 Million Impact

A recent study by Emsi, a leading provider of economic impact reports, shows that County College of Morris' annual contribution to the Morris County economy equates to more than \$484 million.

Analyzing data from Fiscal Year 2015-16, the study found that the \$484 million impact on the county's economic health includes the creation of new jobs, student spending and the contribution of alumni, largely related to the higher earnings of graduates as a result of obtaining a college degree.

Also noted in the study is that the college is a major employer for the region with more than 850 full- and part-time faculty and staff. [Read More.](#)

Winter Break Closing Message from Dr. Iacono

As we prepare to conclude the fall semester, I'd like to thank all of you for your hard work and commitment to excellence. There are many reasons our college has thrived for nearly 50 years but the core of our success is rooted in our people. Your dedication to our mission and your willingness to embrace change, so that CCM remains relevant today and tomorrow, make me incredibly proud. Truly it is an honor to work with each of you. On that note, while I am sure that your calendars are marked for the start of our holiday break, I would like to ask that you make one small adjustment – all offices will close at noon on Friday, December 22. Enjoy an early start to the winter break.

I wish you a season of peace filled with the opportunity to create wonderful memories with your family and friends.

Holiday Payroll Timesheets

Due to the holiday closing, the Payroll department is requiring all Department Summary Timesheets (PTAA) to be hand delivered to Payroll office at the end of the workday on Wednesday December 20, or first thing Thursday morning December 21. This is necessary to begin processing the first payroll of the New Year – January 4, 2018 – and minimize time in the office during the break. As usual, the schedule is tight and this deadline must be met by all employees. Any payroll not submitted on time will not be paid until the second pay of the New Year, January 18, 2018.

Part-time employees using Web Time entry should submit timesheets for approval on or before Wednesday, December 20, for supervisor approval. Supervisors are required to approve Web submitted timesheets by the same schedule as manual timesheets, Thursday morning, December 21.

Library Offers Small Business Workshop

The library will be holding a free Business Research Workshop on Tuesday, January 9, 2018, for small business owners so they can find information to help their business grow.

The workshop will take place 10 - 11:30 a.m. in the Learning Resource Center, Room 205. Registration is required by calling 973-328-5300. [Read more.](#)

Increased Bandwidth on Campus

The Information Systems department recently upgraded the college's Internet bandwidth from 400 Mbps to 1.1 Gbps, almost a threefold increase! The increased bandwidth, available through two different connections, assures that internal access to Internet based resources, as well as external access to CCM's web-based resources, can progress through these larger connections without any congestion.

Social Media

Please help us market all the good things happening at CCM by sharing college events (performing arts, Open Houses, etc.) with your friends through your social media accounts.
