GIRL SCOUTS TEAMS WITH CCM TO LAUNCH CYBERSECURITY BADGES

The Girl Scouts of Northern New Jersey and CCM will be holding a reception on Tuesday, July 17, to announce the launch of new national Girl Scout cybersecurity badges and a new partnership in cybersecurity programs for girls in kindergarten through grade five. The partnership is designed to address the shortage of women in cybersecurity and related IT fields. The reception takes place in the Sheffield Lounge, Room 200, starting at 10 a.m.

CCM is the only community college in New Jersey to receive designation as a National Center of Excellence in Cybersecurity Education by the National Security Agency (NSA) and Department of Homeland Security (DHS). To obtain that designation, CCM needed to demonstrate that its cybersecurity curriculum is aligned with national standards, that the college contributes to providing a pipeline of professionals who can assist with protecting against cyberattacks, and that it is a resource for the community in the area of information security.

Since 2003, the college has been a certifying institution for the NSA and DSA Initiative for Education and Training Program for Information Assurance. The college's Certificate of Achievement in Information Security is mapped to those standards. In addition, CCM offers an Associate in Applied Science in Information Technology with tracks in digital forensics and information security. Also offered is an Associate in Science in Criminal Justice with a specialization in computer forensics.

Through its Center for Cyber Security, CCM also is a leader in educating information security professionals and the public on how to be better cyber citizens.

WHAT IS YOUR DEPARTMENT PLANNING?

Over the last several months, the 50th Anniversary Committee has been working on a series of events to help celebrate this college landmark. The committee also wants to be sure that everything is included, so it is reaching out to learn what your department might be planning: special lectures, performances, guest speakers, student projects or perhaps something else. Please let the committee know how you plan to mark this special occasion so it can help publicize that to the CCM community and the community at large.

Please email that information to aognibene@ccm.edu and cmcardle@ccm.edu

ALL THINGS SUMMER DOOR DECORATING CONTEST

The FunDay Friday team is pleased to announce a new door decorating contest. The theme of the contest is All Things Summer. Let's see where everyone's creativity takes us. Last fall's doors and cubicles were awesome!

The contest is open to every office and department. Teams or individual employees can participate. If you wish to enter, simply send an email to rragany-bayer@ccm.edu. Please include the name of your team/department and the building/room number of the door to be decorated. Don't have a door? Feel free to decorate your cubicle.

Participants must adhere to the following rules:

- Door decorating may begin on July 16
- To be eligible to win a prize, your door must be decorated and be registered to enter the contest by August 3
- Electrical lights are not allowed (battery operated lights can be used)
- Decorations may not obstruct or prevent easy access to the office
- Do not damage door/surrounding wall/cubicle
- Employees must obtain supervisor approval of any time used to decorate the door/cubicle
- Door decorating should not disrupt an employee's job responsibilities

Decorated doors will be evaluated on the following criteria: visual impact, craftsmanship, originality and theme. Voting will take place during the week of August 6 – 10. This time, we will have an ice cream social for all participants and announce the winners on "FunDay Friday," August 17. Winners will receive a small gift – and bragging rights.
