

Tuition Waiver at County College of Morris

A full-time Management or Confidential Administrative Support Staff employee, his/her spouse and dependent children or step-children, shall be entitled to a tuition waiver for courses taken at County College of Morris provided their enrollment is on a space-available basis, i.e., such enrollment does not prevent a tuition paying student from enrolling in the course or courses.

Eligibility for dependent children or step-children ceases at the end of the calendar year in which the dependent child or step-child reaches age 26.
