Statement of Course Learning Outcomes:

Learning Outcomes

- Understand how court systems function and their impact on our society.
- Based on their knowledge of common law, statutory law, constitutional law and administrative agency regulations will be able to predict future direction or changes.
- Formulate role changes by the judicial branch related to the legislative and judicial branches of government. Propose a simpler judicial system that will lessen the scope and complexity of current tort law.
- Formulate opinions regarding the formation and duties of the agency relationship especially as it relates to contractual liability of all parties.
