

Dear CCM Community,

Out of a continued abundance of caution, County College of Morris will continue to operate remotely until August 31, 2020. All classes will remain online and all employees, unless otherwise instructed by their supervisor, will continue to work from home. If you have a need to come onto the campus to retrieve something from your office or workspace, please talk with your supervisor. If approved, you will be asked to complete a brief request form designed by our Office of Public Safety. To access the form, please click on this [link](#). The form can also be found on the [COVID-19 Information and Resource Center](#) on our website. Campus visits must be scheduled to promote social distancing and the health and safety of all employees.

I know this news is not what you had hoped to hear. I too miss being on our beautiful campus every day and I miss seeing all of you and our students. It is my hope that we will return to campus for the fall semester providing the Governor's Executive Order has been lifted and other conditions have been met that will minimize risk of infection to our employees and students. A decision about returning to campus this fall will be made later this summer. It is possible that we may remain off campus for at least part of the fall semester. Because this remains an evolving situation, please continue to monitor your email and the [COVID-19 Information and Resource Center](#) on our website. I hope you will also continue to participate in employee zoom meetings. We will continue to host these through the summer.

Once again, I want to thank everyone for your continued support of CCM, each other, and our students. We are a community and, as such, we will get through this crisis by working together. Please do not hesitate to contact me via email should you have any questions, needs, or simply want to say hello. It is always a pleasure to hear from you.

Stay well.

Dr. Iacono  
President  
County College of Morris
