STREAMING VIDEO NOTE:

Streaming video is a web-based tool that gives students the flexibility to view video content at any time, day or night over the internet. Videos (or specific episodes) will be broadcast using streaming video within the online or hybrid course.

In order to access the streaming content, you will be prompted to re-enter your log in information upon accessing your class. **Your username is the same as Web Advisor, however your password is ccm plus your 7 digit student ID (regardless if you changed it in Blackboard).** In addition, your information will be provided to College Anywhere, the company that provides the streaming video. Should you not want that information shared, please contact the distance learning office.
