

Connecting to CCM-GUEST (Apple)

CCM-GUEST is a wireless network for guests of CCM. To easily register and connect to CCM-GUEST, please follow these steps:

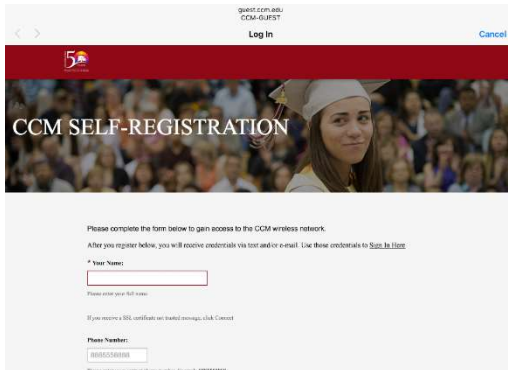

1. Open the Settings app.

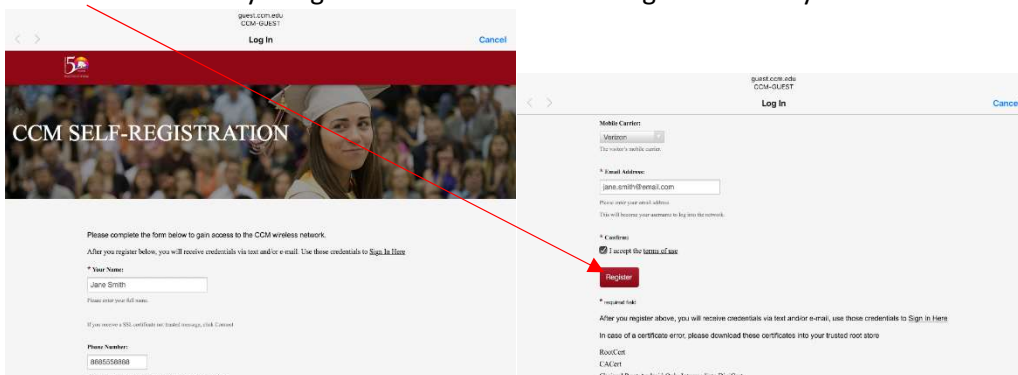

2. Tap the Wi-Fi tab on the left and select CCM-GUEST on the right.

3. A "Self-Registration" page should pop up to register your temporary account.

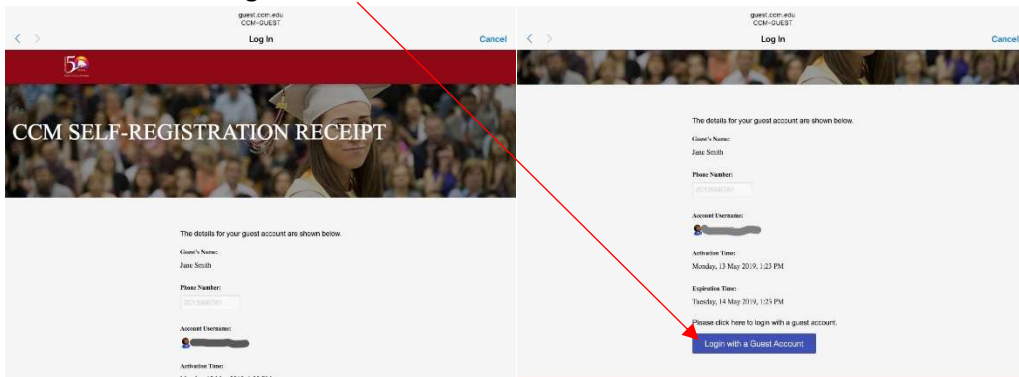

4. Fill in your name, phone number, mobile carrier (to receive login information via text message), email address (an email that you have access to - personal or work), and check "I accept the terms of use" when you agree to the terms. Click "Register" when you are done.

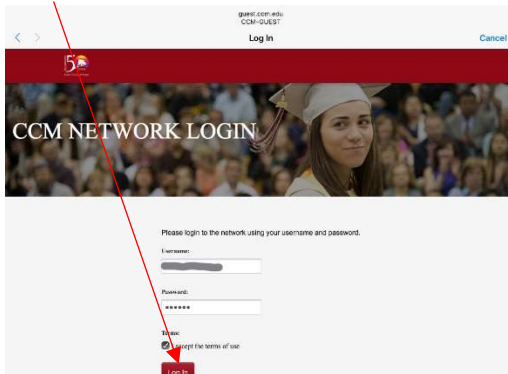

Connecting to CCM-GUEST (Apple)

- A Receipt page should pop up giving you information about your Username and account activation. Click “Login with a Guest Account” when done.

- Depending on your mobile service, you should receive an email (to the email you entered in step 4) and/or text message from Clear Pass. This message will supply you with your Username, Password, and account expiration. You will need your Username and Password for the next step.
- Enter your Username and Password and check off the “I accept the terms of use” box. Then tap “Log In”.

- You are now connected to CCM-GUEST.
