

## THE CASEY VREELAND EOF STUDENT TRANSFER SCHOLARSHIP FUNDRAISER EFFORTS

### Scholarship Details

The Casey Vreeland EOF transfer scholarship has been created to recognize one graduating CCM/EOF student who will be transferring into one of the state's private/public colleges or universities to complete their undergraduate studies and earn their bachelor degree. This is a **\$250.00 scholarship** to assist one EOF student in covering some of the expenses they may incur in the transfer process from CCM to a 4 year college. These expenses can range from: student deposits, required summer course, books, supplies, and transportation and/or food expenses.

### Why do we need this scholarship?

As our students transfer out of CCM into one of the state's 4-year colleges, there is no interim financial aid that can cover these expenses. Unfortunately, many of our students continue to endure very critical financial hardships, even if they work at times. These are exemplary students, who have utilized all of our services and maintained a strong GPA even through the hardest of times. Our program receives funding from the state and the college to operate throughout the academic year and a limited state budget for the summer – this covers returning and new students.

For our transfer EOF students, there is no such aid; but as an academic support program we are responsible to guide them as they transfer and to make sure they are on their way to the college of their choice. Our work doesn't end the day they graduate from CCM. We cannot risk losing or having a student drop out or take a semester off even before they begin their studies, because they don't have the funds to cover some of these expenses.
